10 0300MST 0 0 75K High Wind (G65)
1500MST

Strong northwest winds behind a cold front blew across western South Dakota. The Rapid City airport recorded a peak gust of 70 mph, which was a record for February. Several semi-trailer trucks were blown over by the winds: 15 miles north of Buffalo, 8 miles south of Reva, along Highway 83 north of White River, and Interstate 90 east of Belvidere. A billboard blew over and smashed two cars in Black Hawk. A ham radio tower was toppled around Hill City. Buildings lost their roofs and trees fell. The winds downed powerlines, which started four fires. One fire consumed 1500 acres just east of Custer State Park; another blackened 25 acres in the park; and 40 acres burned near Stockade Lake.

SDZ012-024>025-028 Butte - Northern Black Hills - Northern Foot Hills - Central Black Hills

29 2000MST 0 0 Heavy Snow
2359MST

The northern Black Hills received 1.5 to three feet of snow during a 36 hour period starting the evening of February 29 through the morning of March 2.

24	1500MST	0	0	225K					High Wind (G80)
25	2100MST								

High winds slammed across western South Dakota, causing damage throughout the area. Around 4 pm MDT on the 24th, winds over 80 mph ripped through Belle Fourche. A metal roof was torn from the Mid-State Wool Growers warehouse; carried 200 yards; and damaged stores, cars, and a street light. State Street was closed for three hours until the debris could be cleared. A mobile home between Nisland and Vale was destroyed when it was blown off its foundation. Another mobile home being transported was overturned and destroyed two miles east of Newell. A tree fell in Deadwood and damaged windows and a roof. A downed power line about 25 miles south of Rapid City (east of Rockerville) started a fire of 650 acres. A tree branch tore power lines from a home in Rapid City, which ignited the contents and caused extensive damage. A blinding dirt storm with visibility near zero caused a ten-vehicle pile-up on I-90 east of Kadoka Thursday evening. Ten to 15 people received minor injuries; one had serious injuries. Just outside Rapid City, a wind gust overturned a semi-trailer, sending its driver to the hospital with minor injuries. Near Wall a camper was blown from a pickup truck. In Spearfish, large metal culverts 30 feet long, five feet wide, and weighing 1500 pounds each, damaged fences and other structures as they rolled down Interstate-90. A 20,000 bushel grain bin was blown over in Kadoka. Farmers reported damage to their winter wheat crops from the blowing dust.

WYOMING, Northeast

WYZ054>058 Gillette - South Campbell - Moorcroft - Wyoming Black Hills - Weston

24	1700MST	0	0	20K					High Wind (G54)
25	1800MST								

High winds whipped through Northeast Wyoming. Roofs were blown off two mobile homes—one in Gillette and the other in Upton, causing over \$11,000 in damage. The Day's Inn in Gillette also lost part of its roof and had to evacuate some people.

27	0700MST				0	0			Flood
30	1800MST								

A slow moving closed low pressure system and persistent upslope flow contributed to rainfall amounts of 4 to 8 inches over much of Western South Dakota from 5/21 through 5/27. Widespread flooding began on 5/27. Minor property damage, such as flooding to basements, was common. Numerous roads and bridges were washed out and several residents and campers near streams had to be evacuated. A mud slide along Highway 34 near Sturgis cut off water to a hospital and school for several days. River flooding occurred along the Moreau, Cheyenne, Little Missouri, Bad, White, and Little White Rivers.

Beginning Friday, July 5, 1996 and lasting through the early morning of July 6, a severe thunderstorm with large hail and damaging winds destroyed over 200,000 acres of cropland (and damaged an additional 300,000 acres) in Butte, Meade and Pennington counties. Hundres of sheep, cattle and horses were killed in a swath of detruction over 100 miles long and 4 to 5 miles wide. From near Belle Fourche (in Butte County) through Creighton (in Pennington county), an estimated 9.5 million dollars in crop and property damage was sustained. 104 power lines were toppled in less than an hour in norten Meade county.

Northern Black Hills - Central Black Hills

25		0700MST 1600MST			0	0			Heavy Snow
----	--	--------------------	--	--	---	---	--	--	------------

An early winter storm over the Black Hills of northeast Wyoming and western South Dakota re-acquainted area residents with their winter driving techniques. Snow totals ranged from 4 to 8 inches. U.S. Highway 385, south of Deadwood South Dakota, was temporarily closed after a semi-truck jack-knifed on Strawberry Hill. Numerous minor accidents were reported in the Black Hills due to slick roads. Heavy wet snow closed the Needles Highway and Iron Mountain Road in the central/southern Black Hills until snowplows could clear the roads.

26	0700MST 2200MST			0	0	1.2M	Winter Storm
----	--------------------	--	--	---	---	------	--------------

A winter storm with heavy snow and gusty northwest winds created blizzard-like conditions over western South Dakota. The heaviest snow fell in the central and northern Black Hills where one to two feet was common. Lead received 38.9 inches, setting an all-time state record for 24 hour snowfall. Winds frequently gusted over 45 mph, reducing visibility to zero and creating drifts several feet deep. Many roads in the Lead-Deadwood area were blocked for over 24 hours. The wet heavy snow downed numerous power lines and poles. Electric service to some rural areas was out for five days. Damage to power lines and poles in western South Dakota was estimated near \$600,000.

WYOMING, Northeast

16	0200MST								
17	1800MST			0	0				Blizzard

A two-day blizzard brought two to four inches of snow and wind gusts over 60 mph to Western South Dakota. Numerous traffic accidents were caused by blowing and drifting snow. One vehicle flipped off a bridge on Interstate-90 near Wasta; the driver was hospitalized in critical condition. Forty-four people were rescued from vehicles stranded along roads. Many highways, including the Interstate, were closed. Homes and streets in the Buffalo, Lemmon, and Faith areas were covered by ten foot snow drifts. Numerous livestock were missing after wandering off during the storm.
